Navigate Item Bank

To help educators assess students' understanding of concepts and track standards mastery, Certica provides the Navigate Item Bank™, designed to guide instruction at the district and classroom levels. Navigate is a dynamic, expertly developed item bank of over 98,000 standards-based items, as well as pre-built assessments that allow educators to quickly measure student performance.

Navigate Progress Checks

In addition to over 98,000 standards-based items available with the Navigate Item Bank, Certica introduces Navigate Progress Checks™: pre-built assessments that allow educators to quickly measure student performance relative to a standard or set of standards, to inform instruction.

To support effective formative assessment, Progress Checks are designed to be flexible and modular, and fit the specific needs of those closest to instruction. Educators can modify, add, remove or replace items on Progress Checks, as well as combine any number of Progress Checks to create longer, more in-depth assessments. Progress Checks are organized at the standard or cluster level, which allows educators to focus assessment to the level of a single standard.

Progress Checks have been developed with existing Navigate items by content professionals who have experience and specialized training in test construction. During development, elements such as skill representation and balance, appropriate cognitive levels, estimated difficulty levels and answer key balance are all considered. Additionally, all items within a Progress Check are scrutinized for content overlap to avoid clueing.

- Available in ELA for grades K-12 and Mathematics for grades 3-12
- Aligned to the national Common Core State Standards
- Organized at the standard and cluster level
- Each Progress Check is comprised of 8-12 items, including multiple choice and technology-enhanced items (TEIs)
- Each Progress Check typically takes 15-25 minutes to administer

Certica Solutions is proud to partner with a large number of education solutions providers to offer the Navigate Item Bank. For a complete list of Item Bank providers within our partner network, please contact us at PartnerServices@CerticaSolutions.com.
