

# CASE Item Bank

## Rigorous assessment items that help students practice and prepare for state assessments.

Educators gain true perspective and understanding of students' current knowledge and skills with formative assessment. Certica provides the CASE Item Bank™ to help educators identify learning strengths and deficits and make critical instructional decisions that improve student learning.

**The CASE Item Bank contains high quality, standards-based items developed by Certica's team of subject-matter experts.**

- 80,000+ items for Math, English Language Arts Science and Social Studies
- Performance tasks and innovative item types found on state assessments
- Items are written and aligned to the state standards
- Grades kindergarten through high school

**CASE items reflect the rigor and complexity of summative tests and mirror the standards assessed in Kentucky, Mississippi, North Carolina, South Carolina, and Tennessee.**

**With the CASE Item Bank, teachers can:**

- Develop rigorous, standards-based assessments for classroom use that can be administered online or in print.
- Use immediate, actionable data to inform instruction, design interventions, and personalize the learning experience.
- Monitor progress at the individual student, class, school, or district level.
- Collaborate and share customized assessments with colleagues.

### THE LEADERS IN ITEM QUALITY

Certica's rigorous item development process is a proven method for developing and maintaining items of the highest quality.

The CASE Assessments team – all former teachers, curriculum specialists, and administrators – continually analyze test blueprints to ensure that CASE items mirror best practices for assessing standards.

Items undergo multiple content and grammar quality checks and are reviewed by content experts. Items are evaluated to ensure that they are fair, unbiased, and accessible for all students.
